MACKENZIE SOCIAL WORK SERVICES
THERAPY | TRAINING | CONSULTING

Services and Referrals

SERVICES

We provide counselling, therapy, assessment and training to develop strategies that help you manage challenging issues, behaviours or events in your life and relationships.

We can deliver therapy or training in our clinic, school or workplace, and online. Treatment goals are discussed and agreed with you to address issues in a supportive and structured way.

Services provided are evidence-based, person-centred and trauma-informed. We work closely with you to encourage self-development, education and growth.
